Re: In the Matter of Constitution Pipeline Company, LLC, Dkt. Nos. CP13-499,
CP13-502, CP18-5

Dear Mr. Solomon,

We write to request that the Federal Energy Regulatory Commission (Commission) correct what we hope and expect is a ministerial error with respect to the above-referenced dockets and, in accordance with the Second Circuit's mandate, dismiss the underlying proceedings.

On December 19, 2025, Constitution Pipeline Company, LLC (Constitution) submitted on these dockets a petition to reissue a Certificate of Public Convenience and Necessity authorizing Constitution to construct and operate the Constitution Pipeline Project and to affirm the continuing validity of the Commission's order finding that the New York State Department of Environmental Conservation waived its authority under Section 401 of the Clean Water Act to issue or deny a water quality certification (hereinafter "waiver order"). On January 8, 2026, the Commission provided notice of Constitution's petition and established intervention deadlines.

As Constitution recognizes, on November 18, 2021, the Second Circuit vacated the Commission's 2014 Order granting a Certificate of Public Convenience and Necessity, 149 FERC ¶ 61,199, and its 2019 waiver order, 168 FERC ¶ 61,129 ("the Orders"). Motion Order at 2, *N.Y. State Dep't of Env't Conservation, et al. v. Fed.*

Energy Regulatory Comm'n, 20-cv-158 (2d. Cir. Nov. 18, 2021), ECF No. 161 (attached). Further, the Second Circuit thereupon remanded the matters to the agency "with instructions to dismiss the agency proceedings." *Id.* The mandate issued on January 10, 2022. Despite the Second Circuit's mandate requiring the Commission on remand to dismiss the underlying proceedings, the Commission failed to take this ministerial step. Instead, it has not only permitted Constitution to submit its petition on dockets that were required to be closed and should be deemed closed, but it has now noticed the petition on those defunct dockets. Inasmuch as the Commission has now noticed the petition on the existing dockets, it appears that the Commission is proceeding or is about to proceed in excess of its jurisdiction.

The Office of the New York State Attorney General therefore requests that the Commission comply with the Second Circuit's mandate immediately by entering an Order on Remand dismissing the agency proceedings under docket numbers CP13-499, CP13-502, and CP18-5-004.

Please be advised that if the Commission refuses to comply with the Second Circuit's mandate by **January 23, 2026**, we will seek such legal action as we deem appropriate.

Very truly yours,
LETITIA JAMES
Attorney General of New York

(internal quotation marks omitted)); *Radiofone, Inc. v. Fed. Commc'ns Comm'n*, 759 F.2d 936, 940-41 (D.C. Cir. 1985) (finding vacatur appropriate where agency order was "moot for a reason that deprives the agency action of all operative effect"); see *Bragger v. Trinity Capital Enter. Corp.*, 30 F.3d 14, 17 (2d Cir. 1994) ("When a civil case becomes moot while an appeal is pending, it is the general practice of an appellate court to vacate the unreviewed judgment granted in the court below and remand the case to that court with directions to dismiss it.") (citing *United States v. Munsingwear, Inc.*, 340 U.S. 36, 39-40 (1950)). Finally, it is ORDERED that the motion to file an amicus brief is DENIED as moot.
